

QDialog

```
classDiagram
    ViewEvent --> QDialog
```

A UML class diagram showing an inheritance relationship. A box labeled 'ViewEvent' is positioned below a box labeled 'QDialog'. A solid blue arrow points from the 'ViewEvent' box up to the 'QDialog' box, indicating that 'ViewEvent' inherits from 'QDialog'. The 'ViewEvent' box has a thick black border, while the 'QDialog' box has a thin gray border.
